UTPALA THACKER	bcpt@vsnl.com	022 22836672; 022 22845928; 098191 33208	Teaching/Resource Development - English for Class I - VIII , Report preparation , MENTORING AND MONITORING THE IMPLEMENTATION OF THE E-TEACHING EFFORT IN THE VARIOUS SCHOOLS	Only physical time and presence	BCPT are implementing a widespread effort to impart quality teaching of English to children from poor families, going to vernacular-medium schools. This is done through custom-made audio/visual interactive DVDs, scientifically prepared, and then made available free to help both, the children and the Teachers to master this language -- the objective being to improve employability and confidence-level of these poorer children. About 30 schools in Mumbai and adjoining rural areas are already using these. Since these are made specifically to teach the prescribed Mah. Govt course, during the normal school period, they do not impose any extra burden of time or effort on the Teachers. The challenge now is to introduce these into many more Vernacular schools, and also to help those schools to use it to get maximum advantage. NGOs and persons /institutions which can help us in this quest will do a great service for impacting the future prospects and earning potential of children from the poorer strata of society. BCPT would be very interested to establish such net-working and contacts.	VERNACULAR AND MCGM SCHOOLS LOCATED IN VARIOUS LOCATIONS IN MUMBAI CITY & SUBURBS
